### Meeting with the Secretary of Economy

This past Wednesday we were honored to have visited us from the Secretary of Economy, Mr. Adam Silva Medina, the Economic Promotion Coordinator and Mr. Cesar Orantes in charge of the promotion and implementation of the INADEM program (National Institute for Entrepreneur), all in thanks to the collaboration of Mr. Oscar Giron, Municipal Director for Economic Development; at this meeting, the Events and Activities for this year were announced and support from the Foundation was requested in the training of those individuals that need economic support and do not have the experience filling-out the application.

**So for all those interested in developing their welfare options, may seek the Department of Economic Development or the Foundation to receive information and support for obtaining resources from INADEM.**

### Volunteering at CRESCA

This week we had the participation of a young volunteer by the name of Javier Uli- ses Aviles Goena who helped with the morning pet walks.

We also had the volunteer support from Jesus Cosio Isaiah who was responsible for cleaning the common areas.

### Invitation

In response to the 16<sup>th</sup> C.I.N.E. Invitation, our Foundation attended the 2<sup>nd</sup> Civil Societies Outreach Day, where the legal framework that governs us was discussed, this in order to achieve a closer relationship with society at large and also know the different ways in which this organization participates permanently in different programs, always supporting the community as a priority.

### Free Pet Spaying

This week we responded to 14 requests for pet spaying, with the support of the Veterinary Mr. Uriel Valdez Cordova. These numbers are just the beginning. We can not achieve this without community participation. To reduce the number of stray dogs in the community for health, safety and environment reasons it is everyone's job. Do not forget, by spaying your pet, or convince your neighbors and friends to spay theirs is actually doing something good for the community. If we want a Santa Rosalía clean—we all need to collaborate.

### Volunteering

To become a volunteer there is no limit to age, gender, and/or social, political or cultural condition. You don't need to have experience or have a school degree, all you need is motivation, commitment, responsibility and willingness to work - together to make a positive change in your community.

It means being committed to carry-on a job that demands physical and intellectual ability without pay, nonprofit You can volunteer in a many areas: social, religious, health, culture, art, among many others.

In our community we have several options to do it, since there are different associations that are working hard to make a difference in our community, but always require support from someone committed, creative and willing to do their part to make a difference.

**JOIN ONE OF THE EFFORTS THAT SUPPORT OUR COMMUNITY!**

### Training

Our Foundation staff received training from the Secretary of Economy and the INADEM (National Institute for the Entrepreneur) on how to access the invitations to the different support programs of the Secretary of Economy and know the requirements to become beneficiaries of those benefits.

Y DESARROLLO ECONÓMICO

### Request for Help

The Senior Center is requesting donations of clothing for men size Medium and Large, preferably light colored. If you decided to support this cause you can take the clothes to the offices of The Foundation located on (Progreso Ave. and 10<sup>th</sup> St., downtown) or directly to drop-off directly at the Senior Center.

*"Our senior citizens will thank you for it"*

**"Adopt a pet or get your pets spayed"**
