## Hagamos Más

Tu decides hasta donde quieres llegar

### School Toy Donation

This week a toy-kit made out of recycle wood was donated to two educational institutions of the community, one to the Quiroz Kindergarten at the Rancheria Sector and the second to Cuauhtémoc Elementary School. We would like to give recognitions to Terco's Pollitos Restaurant, VAYFO Purified Water and the Aguila Bus Line because thanks to their contributions this donation was possible.

### CRESCA Activities

Work never ends at the Canine Rescue Center (CRESCA), but thanks to the staff and volunteers who work hard every day our pets are able to stay in good health and hygiene conditions. We would like to give especial thanks to the young man Mr. Seong-Gin Jan. It never hurts to have extra hands. If you would like to join our volunteer group please contact us at 152-1378.

*Some of the CRESCA personnel and volunteer group.*

### Palo Verde Palapa

A meeting was held to discuss the details of the possible *Palapa* / especial waiting-area to be built at the *Palo Verde* Airport. Present at this meeting were representatives for *Aerocalifa* and *Aereo Servicio Guerrero*, the Navy and us—the *Hagamos Mas por Santa Rosalia* Non-Profit Foundation. The goal was to join forces to make this happen, with the understanding that it's for the benefit of the community. The site will be secured by personnel of the Navy.

### Did you know? ....

The deductible donation receipt benefits the contributor upon calculating the taxes to be paid. This deductible donation receipt according to the Fiscal Tax Law, allows individuals to withhold this income receipt from the preceding year, i.e.:

2014 Revenues	\$ 1,000,000.00
+ authorized expenses	500,000.00
= Profit	500,000.00
- deductible donation	50,000.00

Base for calculating 450,000.00  
If your last year total income was \$ 1,000,000 you can withhold \$ 70,000 this year.

Individuals or companies, regardless of your tax regime status, can be contributors and thus support your community by making your tax-deductible donation.

### "Community Garden" Training Workshop "

Community Garden Training workshops were started at the CAM (Community Center) and they are being taught by Eng. Xochitl Aguilar from CIBNOR. Youths are encouraged to participate in this Project, the goal is to help them integrate into the labor market and become productive members of society.
