Helped Arrived at Bahía de Los Angeles

The relief supplies sent last week to Bahía de Los Angeles were received successfully and distributed between the people who needed it the most.

Educating for Life Program

This week, the Edu. for Life program continued with school presentations in coordination with the Health Dept., with the theme being: "The dengue fever and its prevention".

Fundraising

A meeting was held with Dr. Angeles Ruiz, owner of Angeles Pharmacy, who after being aware of our work efforts decided to join our sponsor program with a monthly donation. Thanks to the companies that continue to show interest in sponsoring our Non-Profit Foundation.

Food-Aid Bag Give-away

Thanks to the support of businessmen, local and foreign, 200 food-aid bags were put-together and distributed in Mulege, Santa Martha and Santa Rosalia, all with the help of pre and elementary school teachers and principals.

Educating for Life Program and Santa Rosalia Clean-up Drive

Thanks to the participation of students, parents, teachers and the collaboration of the two programs mentioned above, a clean-up drive was held at the Miguel Hidalgo School, Jesus Lopez Gastelum School, and Antonio F. Delgado School, in order to collect waste generated by the Hurricane and thus prevent the proliferation of mosquitoes and pollution.

CRESCA Dog Rescue Center

This week a total of 13 spays were performed with the support of Dr. Uriel Valdez, from Mascota y Mano de Obra Veterinary shop and the help of our scholarship recipient Alex Cardenas
